USED AIRCRAFT SPECIFICATION

ROBIN DR500 200i PRESIDENT

A very fully equipped example of the luxurious ROBIN PRESIDENT four seat long range tourer. It combines a 140 kt TAS cruise with good short field performance and wonderful visibility. With a very full specification, low engine and propeller hours, and only two previous owners, this is an exceptional aircraft for the discerning pilot.

The PRESIDENT is still fully supported for spares by CEAPR in Dijon, and for maintenance by UK and European service centres.

MANUFACTURED 1998 (Serial No: 002)

ENGINE LYCOMING IO-360-A1B6; 404 hours
(Zero-timed by Nicholas McLaren 01.2014)

PROPELLER HARTZELL HC-C2YK-1BF/F7666A-2 constant speed; 404 hours
(Overhauled by Brinkley Propeller Services 01.2014)
